can be customized as per your preferences.  
We consider every business as a different  
business.

**Let's first analyze how it can  
help you to improve your quality of work at your  
work place and then we will talk about time saving  
through it.**

DMS can bring effectiveness in  
your organization in following  
way.

**Get yourself Free from  
Chaotic Folder System —  
Physical and Digital**

You do not have to memorize  
which folder you have kept any

specific document. No need to ask assistant to find different version of documents. Finding Docs with DMSTRAVEL is Instant .

## Never Loose any Data and Get it Anywhere , Anytime and Quick

It is Quite Easy Just save and Tag. No Loss of Document due to Virus , Hard Disc Crash , Lost in Pen Drive. Just Search by keywords or even by Today, Yesterday, this week , Last week , this month , last months , Between Dates, Quarters, years and More.

## Your search is not googling.

Unlike google results are not an approximation or have **degree** of relevancy or results without restrictions. Here results are the function of who is browsing the data - your authorisation , what you are looking for - it exists or it is expired with exact result.

Your document is safe and even your server / data administrator can't trace any Document.

All file names are encrypted and stored and it appears as junk code only in Database. Matrix and Tree access permissions can improve your organization's security and data accessibility

## Fuel your Marketing with DMSTRAVEL.

Improve marketing Communication by analyzing various proposal versions and Pricing alternatives, Compare Performance by YoY, QoQ and More with easily searchable relevant document . Just need to search “ sales Performace Report + Name + 2012, 2011” and more. No Loss of old client's Documents and Contracts. Details available any where and anytime.

## Better Reporting with Upload Notification.

Get work done notifications and it will help to make your team efficient with better accountability and it will help you in better operations management. Improve in work flow management.

## Improve and enrich your company knowledge base.

Never loose any information. Your knowledge is not dependent on any team member leaving the organization or transfer to different department.

Let's see how it can help you to improve your time management at your work place. Let's take an example of Mr. SAM , the owner of small travel business.

**28**  
DAYS

Mr. Sam was happy that his company has grown three fold in last one year but at the same time he was worried that how he will be able to manage it without increasing resources by at least TWO times. He implemented **DMS Travel** form ARBS.

**He can save minimum 28 Days in a year  
( if he saves even 30 Min. in a day )**

Working 6 days a week \*

**56**  
DAYS

First problem was to manage ever increasing itinerary packages and customizing standard mailers . Through DMS Travel it has been easy to find right one . It was quite easy to locate "Golden Triangle + Khajuraho and Chitwan with one search. Even his junior team can select best itinerary ideas within seconds without going through multiple folders and reading, emailing, faxing and exploring details .

**His team saved Minimum 56 Days in a  
year ( if he saves 1 Hour a day )**

**14**  
DAYS

Mr. Sam was worried about Hotel and transport price and it's increase. Earlier he has to go through n number of physical and digital files to dig and find details . Now he has complete valid list of price availability in one click.

**His team saved Minimum 14 Days in a  
year ( if he saves 15 Min. a day )**

14  
DAY

He has also created Minutes of the meeting and To dos list . he can access all his to dos uploaded through DMS Travel .

**His team saved Minimum 14 Days in a year ( if he saves 15 Min. a day )**

7  
DAYS

While talking to clients he must quote commendations , referrals and other docs. He just search and find the right referrals for specific country. As he saves time he can use it in better ways

**His team saved Minimum 7 Days in a year ( if he saves 7.5 Min. a day )**

14  
DAY

One of his client also want to customize trip by adding other offbeat destinations. He has done that destination but he want specific old details a.s.a.p. He just put a search in DMS Travel . He also got some other information which his colleague has added last year and it was a good value addition.

**His team saved Minimum 14 Days in a year ( if he saves 15 Min. a day )**

5  
% MORE

He has a meeting today with his old vendor and he want to see old contract before meeting and he has already left office and he just put a search in his mobile and got the last contract before he reach the meeting destination. Thank god he has an access right to view certain document over his mobile outside the office.

**He Negotiates 5% more due to supported document in time.**

He also want to review his company profile before new season . He just search all the profiles version on DMS Travel and re-updated his profile in website and brochure .

**He saved a day but quality improvement can't be quantify now**

He was sitting with Accountant and and want to review his credit card payments / Tel. Bill / other Expanse bill in one year for the company and it was just a click away

**He saved his precious 2 days**

DMS Travel support matrix hierarchy system and Sam created his team hierarchy with access and upload rights with a facility to complete branch wise document assignment system depending upon KRA ( Key responsibility Area ) of individual and team .

**His document rights are secured and right person has right Docs.**
